Product Examples

Build Your Own

EZ STAK launched an online utility called Build Your Own in 2012. It allows customers to design their ideal layout and submit it for quoting.

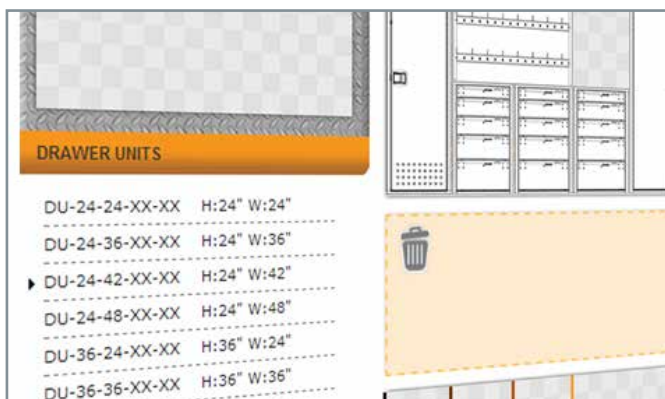

Program Description

Build Your Own was created based on the feedback provided by our customers over the years. Customers wanted to make sure the products they ordered would fit in their vehicles, have a practical setup that is functional for their mobile work space, and make sure that it is made with quality in mind.

EZ STAK has created this interior layout module for anyone to use. You may save your completed layout as a PDF, or email it to a colleague. It is available on our website.

Build Your Own was launched May 1 2012.

Product choices are listed on the left hand column.

A summary of items is displayed on the right, with the options to save, print and email just below.

Our Promise

EZ STAK manufactures high quality storage solutions to enable a tailored design for any mobile workspace.

Warranty

EZ STAK Inc. warrants to the original purchaser only, that all EZ STAK products will be free from defects in material or workmanship for a period of two years from the purchase date. EZ STAK'S SOLE OBLIGATION AND YOUR EXCLUSIVE REMEDY under this Limited Warranty and, to the extent permitted by law, any warranty or condition implied by law, shall be the repair or replacement of parts, without charge, which are defective in material or workmanship and which have not been misused, carelessly handled, or improperly repaired by persons other than EZ STAK or an Authorized Dealer.

To make a claim under this Limited Warranty, you must return the complete product, transportation prepaid, to our facility. Please include a dated proof of purchase. Details are subject to change without notice. Contact EZ STAK directly regarding any warranty questions or concerns.

"We place quality, lead time and customer service at the forefront of every order."

*- Mike Lawrenson
President, EZ STAK Inc.*

Customer Service

EZ STAK places quality, lead times and customer service at the forefront of our business model. Our staff follow a rigorous quality control process ensuring only the best products leave our facility.

Our sales and design teams will work with you to create a smooth flowing workspace, or storage solution for your vehicle. We service all of North America. Call us today at 1-800-470-7775 to discuss our capabilities.

Product Benefits

We utilize a light weight 3003 H14 grade aluminum made in North America. Aluminum is approximately 35% lighter than wood or steel. The reduced weight enables the end user to save on fuel and payload capacity, which in turn allows customers to haul more without stepping up to the next size truck.

The modular construction of EZ STAK products allows for easy design of simple and effective layouts suited for any mobile workspace.

Organizational Profile

EZ STAK has manufacturing facilities in both the United States and Canada, enabling shorter lead times and better service.

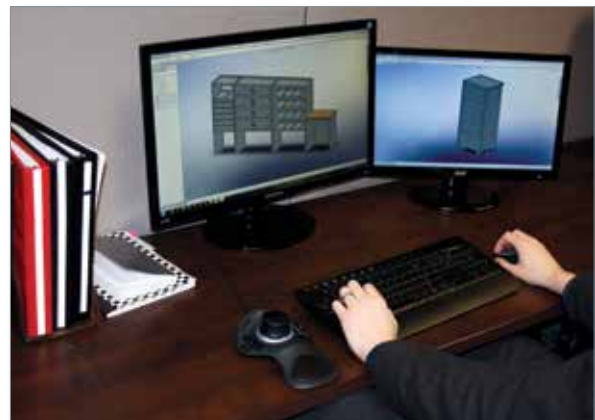

About our Facilities:

EZ STAK's manufacturing facilities are located in Schaumburg, IL and in Kingston, ON, Canada. These strategic locations permit us to service both the United States of America and Canada. The factories are well lit and tidy, bearing the hallmarks of efficiency and organization.

About SolidWorks

EZ STAK products are designed using SolidWorks; a parasolid 3D CAD system. 3D design has the innate advantage of performing form, fit and function checks before any material ever hits the shop floor. The parametric nature of the program facilitates accurate and efficient design changes ensuring a prompt delivery of our quality products.

SolidWorks renderings on display.

Lean Manufacturing

EZ STAK corporate management has fully recognized the values and benefits of Lean Manufacturing as the way to stay competitive in the ever increasing pace of the manufacturing world today. Based on the Toyota Production System, the ever pragmatic methods of reducing waste, creating one piece flow, and striving to locate methods of continuous improvement are the daily quests and responsibilities of every EZ STAK employee.

*EZ STAK provides high quality cabinets
for vehicles all across the USA and Canada.*
