

YOUR OPTIONS

Sometimes, you need a car that knows how to be more than just a car. On any given day, it might need to be a moving truck, a sports car or even a motor home. That's why the CR-V is built for just about every occasion – it has a black belt in versatility. Need cargo space? Room to roam? Power outlets? Engine power? No problemo. The CR-V knows how to do a lot more than just get you from A to B.

IT HOLDS YOUR INTERESTS

Since you don't always know what you'll end up hauling, we gave you as much cargo space as we could and a lot of different ways to configure it. The 60/40 split rear seat folds down easily with a single pull, and creates over 70 cubic feet of cargo space. A low cargo floor makes loading and unloading a breeze, and four tie-down anchors help keep everything secure and stable. Once it's all in, the retractable cargo cover (EX and above) helps keep it out of sight.*

*Honda reminds you to properly secure items stored in the cargo area.

ENJOY WIDE OPEN SPACES CR-V EX-L shown with Beige Leather and available Honda Satellite-Linked Navigation System?

With over 100 cubic feet of passenger space, the CR-V can seat five adults comfortably with plenty of room to spare. On EX-L models, leather-trimmed seats add a touch of luxury for everyone, and the front seats have built-in warmers, making shotgun that much sweeter.

Honda reminds you to properly secure items stored in the cargo area.

CHOOSE YOUR CLIMATE

Some like it cool. Others like it hot. That's why we designed a sophisticated dual-zone climate control system (EX-L models). It allows both the driver and the front passenger to choose their own temperature. Or, if preferred, a single temperature can be selected for the entire cabin.

YOUR BUILT-IN DRIVE-IN

Here's a great way to handle backseat drivers and fussy passengers: pop in a movie. The 7' DVD Rear Entertainment System² is available on EX-L models, and will keep whoever's in your rear seat entertained. And thanks to the included wireless headphones (one pair), the cabin stays quiet, too.

CR-V 2WD EX-L shown in Alabaster Silver Metallic. SAFETY COMES ALONG FOR EVERY ADVENTURE **HOLD THE COURSE INNER STRENGTH** A BREAKTHROUGH IN BRAKING In the event of an oversteer or understeer, Vehicle The Advanced Compatibility Engineering™ (ACE™) Brake Assist, a component of the anti-lock braking Stability Assist™* can automatically brake individual body structure is a Honda-exclusive body design, system (ABS), helps apply full braking force in some wheels and/or reduce engine power. It also features and it utilizes a network of connected structural emergency situations. Electronic Brake Distribution a traction control function to help prevent wheelspin elements to help distribute frontal crash energy (EBD) helps balance braking forces depending upon during acceleration. more evenly throughout the front of the vehicle. dynamic loading.
