THE SUV / MADE BETTER

The versatile Pilot combines rugged utility, smart functionality and Honda innovation.

Its refined interior comfortably seats eight and comes with an available power tailgate. Plus, Pilot has an impressive 25-mpg highway rating². Behold the Pilot. It's the SUV made better.

THE THREE-DAY WEEKEND MADE BETTER

Pilot 4WD Touring shown with Gray Leather.

No matter where the drive takes you, the Pilot gets you there in comfort. Every model includes seating for eight adults, and the tri-zone automatic climate control is designed to keep the driver, the front passenger and the rear passengers as cool or toasty as they wish to be. The 10-way power-adjustable driver's seat (EX and above) ensures that the captain is comfortable behind the wheel, and 16 different seating arrangements give you options galore for transporting everything from luggage to lumber.

60/40 SEATING

Stowing longer items while carrying passengers is no problem. Just pick a side.

FOLD-FLAT CONVENIENCE

With both second and third rows folded, 4-foot-wide sheets of drywall can be carried completely flat!

WIDE OPEN SPACE

The 87 cu ft of cargo room means large items, like a pair of bicycles, can slide right in.³

Honda reminds you to properly secure items stored in the cargo area.

The intelligent Multi-Information Display (i-MID) is your hi-res command center right up front. Scroll through your phone book, scan your music collection, add a personal photo as wallpaper, keep tabs on fuel economy and a whole lot more. 2 GB of internal storage comes standard, so you'll have no shortage of musical options. Navigation models⁴ feature an internal drive that holds up to 15 GB of music⁵ (up to 3,500 songs), and when you push the TALK button on the steering wheel, the Song By Voice[®] feature will play any song you request from your library.*

*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

Pilot 4WD Touring shown with Gray Leather.

FIND YOUR DESTINATION

The available navigation system⁴ keeps you on track with turn-by-turn directions, while the free FM Traffic feature helps you avoid gridlock.*

DVD ENTERTAINMENT

The rear entertainment system⁶ features a vivid 9-inch flip-down screen (available on EX-L; standard on Touring).

SEE WHAT'S BEHIND

All models come with a standard rearview camera. Navigation-equipped models⁴ include a rearview display with multiple viewing angles. Select Normal, Wide, or Top mode for extra back-up precision.

MUSICAL POSSIBILITIES

Stream your music wirelessly using *Bluetooth*⁷ Audio or use the USB Audio Interface⁸ to connect your iPod.⁹ Models with navigation⁴ can play your music with Song By Voice.

PLUGGED IN

Rear entertainment models include RCA inputs to display a video source—like a game console—on the 9-inch screen.

*Some roads unverified. Please see your Honda dealer for details.

⁹iPod classic[®] is not included. iPod and iPod classic are registered trademarks of Apple Inc. Provided by Filter U.S. Recordings © and © 2012.

THE SCENIC ROUTE MADE BETTER

25 MPG / HWY RATING²

Your right foot and left brain will love the 3.5-liter i-VTEC® V-6 under the hood. The engine not only generates 250 hp and 253 lb-ft of torque, but it's also built for fuel efficiency.² Variable Cylinder Management™ (VCM®) technology activates or deactivates certain engine cylinders, giving you power when you need it and more miles between fill-ups⁴ when you don't. And you can feel good knowing that the Pilot is an Ultra-Low-Emission Vehicle (ULEV-2).⁹

Pilot EX-L shown in Alabaster Silver Metallic.

THE UNFAMILIAR DETOUR MADE BETTER

Honda is committed to providing safety for everyone. That means crash protection that focuses not only on our own drivers and passengers, but on the occupants of other vehicles, as well as injury mitigation for pedestrians. We are dedicated to identifying and implementing new, advanced designs and features that help enhance safety on the road.

VEHICLE STABILITY ASSIST™*

Vehicle Stability Assist (VSA®) helps sense oversteer or understeer, and brakes individual wheels and/or reduces engine power to help keep you on your intended course.

*VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

ACE™ BODY STRUCTURE

The Honda-exclusive Advanced Compatibility Engineering™ (ACE) body structure enhances occupant protection and crash compatibility in frontal collisions.

BRAKE ASSIST

Brake Assist, a component of the anti-lock braking system (ABS), helps apply full braking force in some emergency situations.

Pilot 4WD EX shown in Dark Amber Metallic.

SIX AIRBAGS

Every Pilot has standard front, front side, and side curtain airbags* that can help reduce the likelihood of injury in a collision.

TIRE PRESSURE MONITORING

The Tire Pressure Monitoring System (TPMS)¹⁰ alerts the driver when pressure in any tire becomes significantly low. Navigation models⁴ display the current pressure of each tire.

CHILD SAFETY

The Pilot is equipped with LATCH (Lower Anchors and Tethers for Children) in all three second-row seating positions and the passenger-side third-row position.

*Honda reminds you and your passengers to always buckle up. Children 12 and under are safest when properly restrained in a rear seat.

Pilot 4WD Touring shown with Gray Leather.

Airbags inflated for display purposes.

Bring on the potholed city streets and unpaved country roads. Nearly eight inches of ground clearance and available 4-wheel drive keep you confident behind the wheel. Hill start assist helps prevent rollback when you stop and start on a hill, and if you like to take your toys with you, 4,500 lbs (4WD) of towing strength¹ should get the job done.

Pilot is Honda intelligence and versatility at its finest. So, wherever you need to go, hop in a Pilot and make the drive better.

THE SUV MADE BETTER

Pilot 4WD Touring shown in Dark Cherry Pearl with accessory 18-inch chrome wheels and chrome side steps.

All 2013 Honda vehicles – and any Honda Genuine Accessories installed at the time of vehicle purchase – are covered by a 3-year/36,000-mile limited warranty.¹⁴ Plus, Honda cars and trucks are covered by a 5-year/60,000-mile Limited Powertrain Warranty,¹⁴ too. For more information or assistance, see your Honda dealer or please give us a call at 1-800-33-Honda.

Manufactured to the same strict standards as Honda vehicles, Honda Genuine Accessories are the perfect way to personalize and protect your vehicle. Please see your Honda dealer for details.

Whether you buy or lease a Honda vehicle, Honda Financial Services can assist you with the process. Please ask your dealer which lease or purchase plan best suits your needs.

Honda Care® is an affordable, comprehensive vehicle and travel protection plan backed by Honda reliability, service and parts. Please see your Honda dealer for details.

All Rights Reserved. ² 18 city/25 highway/21 combined mpg rating for 2WD models. 17 city/24 highway/20 combined mpg rating for 4WD models. Based on 2013 EPA mileage ratings. Use for comparison purposes only. Your actual mileage will vary depending on how you drive and maintain your vehicle. ³ Carrying too much cargo or improperly storing it can affect the handling, stability and operation of this vehicle. Before carrying any cargo, be sure to consult the owner's manual for load limits and loading guidelines. ⁴ The Honda Satellite-Linked Navigation System is available on EX-L models and standard on Touring models in the United States, Canada and Puerto Rico. (FM Traffic service only available in the United States, except Alaska.) Please see your Honda dealer for details. ⁵ Hard disk drive (HDD) 15-GB memory audio system standard on navigation-equipped models. ⁶ The Honda Satellite-Linked Navigation System and DVD Rear Entertainment System are only available separately on EX-L models. ⁷ The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ⁸ The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. Please see your Honda dealer for details. ⁹ ULEV-2 (Ultra-Low-Emission Vehicle) models as certified by the California Air Resources Board (CARB). ¹⁰ For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ¹¹ Maximum towing capacity for 4WD models is 4,500 lbs. Premium unleaded fuel is recommended when towing above 3,500 lbs. Maximum towing capacity for 2WD models is 2,000 lbs. Towing requires the addition of the Honda accessory towing kit, trailer harness and hitch ball. Trailer harness is standard on Touring models. Please see your Honda dealer for details. ¹² HomeLink and the HomeLink house are registered trademarks of Johnson Controls. ¹³ XM services require a subscription after 90-day trial period. Subscriptions governed by SiriusXM Customer Agreement; see www.siriusxm.com. If you decide to continue your XM service at the end of your complimentary trial, the plan you choose will automatically be renewed and you will be billed at then-current rates until you call XM at 1-800-967-2346 to cancel. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. © 2012 Sirius XM Radio Inc.
