

2016

CIVIC

Conquer.

Civic Touring Sedan shown in Lunar Silver Metallic.

Surrender.

Civic Touring Sedan shown in Crystal Black Pearl.

With an aggressive new exterior and available new turbocharged engine, the redesigned 2016 Civic never plays catch-up.

THE ALL-NEW 2016 CIVIC

Sleeker.

Civic Touring Sedan shown in Rallye Red.

Smarter.

Honda SENSING™

Every Civic Sedan is available with Honda Sensing, a suite of safety and driver-assistive technologies that can help you sense things you might miss while driving.

COLLISION MITIGATION BRAKING SYSTEM™ (CMBS™)¹
Helps bring your Civic to a stop by automatically applying brake pressure when the system determines a frontal collision is unavoidable.

ROAD DEPARTURE MITIGATION SYSTEM (RDM)²
RDM can determine if you cross over detected lanes without signaling and can even provide steering and braking assistance to help you stay in your lane.

FORWARD COLLISION WARNING (FCW)³
The FCW system can sense the presence of vehicles in front of you, and if it calculates that you're at risk of colliding with a detected vehicle, it activates audible and visible alerts.

LANE DEPARTURE WARNING (LDW)⁴
A small camera searches for lane markings on the road. If it detects the driver making an unindicated lane departure, visual and audible alerts will signify the departure.

LANE KEEPING ASSIST SYSTEM (LKAS)⁵
Long highway drives are easier with LKAS, which subtly adjusts steering to help keep the Civic centered in a detected lane.

ADAPTIVE CRUISE CONTROL (ACC)⁶ **WITH LOW-SPEED FOLLOW**
ACC helps you maintain a set following interval. After stopping, a tap on the throttle instructs the car to continue maintaining the desired distance between the vehicles.

It's come a long way.

Civic Touring Sedan shown in Modern Steel Metallic.

And it just keeps getting better.

Civic Touring Sedan shown in Aegean Blue Metallic.

Even with a storied heritage spanning over 40 years, the Civic continues to push the boundaries of automotive engineering.

LIGHTER

A redesigned engine and chassis helps the Civic shed weight, increasing its power-to-weight ratio, handling characteristics and fuel efficiency.*

SHARPER

The Civic is designed with a revised suspension for more lateral support while cornering, plus wider tires for increased grip and reduced braking distance.

FASTER

An all-new 1.5-liter turbocharged and intercooled engine produces a thrilling 174 hp† and 162 lb-ft of torque†, and a new dual exhaust system helps optimize airflow (EX-T and above).

*27 city/40 highway/31 combined mpg rating for 6MT model. 31 city/41 highway/35 combined mpg rating for LX & EX CVT models. 31 city/42 highway/35 combined mpg rating for EX-T, EX-L and Touring CVT models. Based on 2016 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors. †SAE net.

Aggressive by design.

17-INCH ALLOY WHEELS

LED HEADLIGHTS

Comforting by nature.

Civic Touring Sedan shown with Ivory Leather.

17-INCH ALLOY WHEELS

The Civic has a new look, accented by stunning 17-inch alloy wheels (EX-T and above).

LED HEADLIGHTS

LED Daytime Running Lights (DRL) make a distinctive impression. Touring models also feature all-LED headlights.

The redesigned interior features sleek new materials, innovative technology and abundant space.

7-INCH DISPLAY AUDIO TOUCH-SCREEN
Touch, pinch and swipe your way through music, podcasts and more (EX and above).

POWER FRONT SEATS
Easily find the perfect driving position with eight ways to adjust (EX-L, Touring). The front passenger enjoys 4-way power adjustment as well (Touring).

DRIVER INFORMATION INTERFACE
A color screen right behind the steering wheel displays what's playing, who's calling and almost everything else you need to know (select models).

REMOTE ENGINE START
Pre-heat or cool your Civic, and be ready to go by the time you reach the door (EX and above).

STEERING WHEEL-MOUNTED CONTROLS
Change the music or answer a call via *Bluetooth*® HandsFreeLink.® Your hands never leave the wheel, and your eyes never leave the road.*

Honda LANEWATCH®
To help with lane changes, a small camera incorporated into the passenger-side mirror displays live video on the display audio screen (EX and above).

ELECTRIC PARKING BRAKE
A new electric parking brake replaces the conventional hand lever with a simple, sleek switch.

APPLE CARPLAY®
Support for Apple CarPlay allows you to access several of your iPhone® features on the Display Audio touch-screen (EX and above).

CENTER CONSOLE STORAGE
A massive console with an adjustable beverage holder gives you enough room to store your essentials and hide your valuables.

ANDROID AUTO™
Android smartphone users can access Google Maps, Google Now, messaging, music and numerous popular apps using Android Auto (EX and above).

HEATED OUTBOARD REAR SEATS
These heated outboard rear seats help keep your passengers extra cozy (Touring).

*Drive responsibly. Some state laws prohibit the operation of handheld electronic devices while operating a vehicle. For safety reasons, always launch your audio application or perform any other operation on your phone or audio device only when the vehicle is safely parked.

Rebellious.

Civic Coupe concept shown in Energy Green Pearl.

Arriving in early 2016, the redesigned Civic Coupe promises to be the most fun-to-drive Civic yet.

Overachiever.

Civic Touring Sedan shown in Cosmic Blue Metallic.

EARTHDREAMS® TECHNOLOGY

EFFICIENCY

The Civic earned an impressive 42-mpg highway rating*, thanks to reduced weight, direct injection engine technology and an efficient continuously variable transmission (CVT).

*31 city/42 highway/35 combined mpg rating for turbo models with CVT. Based on 2016 EPA mileage ratings. Use for comparison purposes only. Your mileage will vary depending on how you drive and maintain your vehicle, driving conditions and other factors.

Your safety is our priority.

Civic Touring Sedan shown in Lunar Silver Metallic.

SAFETY

Every Civic is equipped with advanced safety features designed to help protect you and your passengers, mile after mile.

ACE™ BODY STRUCTURE

By distributing frontal impact energy more evenly throughout the vehicle, the Advanced Compatibility Engineering™ body structure helps protect passengers.

SMARTVENT® AIRBAGS

Inside every Civic are front, front side, and side curtain airbags with a rollover sensor. The SmartVent front side airbags are designed specifically to help protect the driver's or front passenger's upper torso in the event of a side-impact collision.*

TIRE PRESSURE MONITORING SYSTEM (TPMS)¹¹

Because lost tire pressure can dramatically affect a vehicle's performance, TPMS alerts you if air pressure becomes significantly low in any tire.

ADVANCED BRAKING

An anti-lock braking system (ABS) helps prevent wheels from locking up when braking hard, while Electronic Brake Distribution (EBD) balances braking forces at each wheel based on how the Civic is dynamically loaded.

MULTI-ANGLE REARVIEW CAMERA¹²

See more of what's behind you with the multi-angle rearview camera with guidelines, which comes standard on every Civic.

VEHICLE STABILITY ASSIST™ (VSA®) WITH TRACTION CONTROL

VSA helps you stay on course in the event of an understeer or oversteer condition by braking individual wheels and/or reducing engine power to help restore your intended course.†

*Honda reminds you and your passengers to always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in the rear seat. †VSA is not a substitute for safe driving. It cannot correct the vehicle's course in every situation or compensate for reckless driving. Control of the vehicle always remains with the driver.

CIVIC SEDAN SPECIFICATIONS

LX

- 158-hp,¹³ 2.0-liter DOHC i-VTEC® 4-cylinder engine
- 6-speed manual or available continuously variable transmission (CVT)
- Electric parking brake with automatic brake hold
- Hill start assist
- 16-inch wheels with full covers
- Multi-angle rearview camera¹² with guidelines
- LED Daytime Running Lights (DRL)
- One-touch turn indicators
- Taillights with integrated LED light bars
- Projector-beam halogen headlights with auto-on/off
- Capless fuel filler
- Automatic climate control system
- Power windows with auto-up/down driver's and front passenger's windows
- Tilt and telescopic steering column
- 160-watt audio system with 4 speakers
- 5-inch color LCD screen
- Bluetooth®⁷ HandsFreeLink® and streaming audio
- USB Audio Interface¹⁴ (front)
- Available Honda Sensing™ suite of safety and driver-assistive features (CVT model only)

EX adds to or replaces LX features

- Remote engine start
- Standard continuously variable transmission (CVT)
- 16-inch alloy wheels
- Honda LaneWatch™⁸
- Heated side mirrors
- One-touch power moonroof with tilt feature
- Smart Entry
- Push button start
- 60/40 split fold-down rear seatback
- 180-watt audio system with 8 speakers
- Pandora®¹⁵ compatibility
- SMS text message function¹⁶
- USB Audio Interface¹⁴ (front and center console)
- 7-inch Display Audio with electrostatic touch-screen
- HondaLink®¹⁷
- Apple CarPlay®⁹
- Android Auto™¹⁰

EX-T adds to or replaces EX features

- 174-hp,¹⁸ 1.5-liter turbocharged and intercooled DOHC 4-cylinder engine with direct injection
- 17-inch alloy wheels
- Fog lights
- Body-colored decklid spoiler
- Dual-zone automatic climate control system
- Heated front seats
- SiriusXM® Radio¹⁹
- HD Radio™²⁰

EX-L adds to or replaces EX-T features

- Automatic-dimming rearview mirror
- Leather-wrapped steering wheel and shift knob
- Driver's seat with 8-way power adjustment
- Leather-trimmed seats
- Available Honda Satellite-Linked Navigation System™²¹ with voice recognition and Honda HD Digital Traffic

TOURING adds to or replaces EX-L features

- Standard Honda Sensing suite of safety and driver-assistive features
- LED turn indicators (headlights and side mirrors)
- Chrome door handles
- Rain-sensing windshield wipers
- LED headlights (low & high beam) with auto-on/off
- Heated outboard rear seats
- Front passenger's seat with 4-way power adjustment
- Standard Honda Satellite-Linked Navigation System™²¹ with voice recognition and Honda HD Digital Traffic
- 450-watt premium audio system with 10 speakers, including subwoofer

¹ Depending on the circumstances, CMBS may not go through all the alert stages before initiating the last stage (of collision mitigation). CMBS cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by high interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ² Road Departure Mitigation (RDM) only alerts drivers when lane drift is detected without a turn signal in use and can apply mild steering torque to assist driver in maintaining proper lane position and/or brake pressure to slow the vehicle's departure from a detected lane. RDM may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ³ Forward Collision Warning (FCW) cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. System operation affected by extreme interior heat. FCW does not include a braking function. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁴ Lane Departure Warning (LDW) only alerts drivers when lane drift is detected without a turn signal in use. LDW may not detect all lane markings or lane departures; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁵ LKAS only assists driver in maintaining proper lane position when lane markings are identified without a turn signal in use and can only apply mild steering torque to assist. LKAS may not detect all lane markings; accuracy will vary based on weather, speed and road condition. System operation affected by extreme interior heat. Driver remains responsible for safely operating vehicle and avoiding collisions. ⁶ ACC cannot detect all objects ahead and may not detect a given object; accuracy will vary based on weather, speed and other factors. ACC should not be used in heavy traffic, poor weather or on winding roads. ACC only includes a limited braking function; driver remains responsible for slowing or stopping the vehicle to avoid a collision. ⁷ The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc., and any use of such marks by Honda Motor Co., Ltd., is under license. ⁸ Display accuracy will vary based on weather, size of object and speed, and the display may not show all relevant traffic. The display is not a substitute for your own direct visual assessment of traffic conditions before changing lanes. ⁹ Apple CarPlay is a registered trademark of Apple Inc. ¹⁰ Android and Android Auto are trademarks of Google Inc. ¹¹ For optimal tire wear and performance, tire pressure should be checked regularly with a gauge. Do not rely solely on the monitor system. Please see your Honda dealer for details. ¹² Always visually confirm that it is safe to drive before backing up; the rearview camera display does not provide complete information about all conditions and objects at the rear of your vehicle. ¹³ 158 hp @ 6500 rpm (SAE net). ¹⁴ The USB Audio Interface is used for direct connection to and control of some current digital audio players and other USB devices that contain MP3, WMA or AAC music files. Some USB devices with security software and digital rights-protected files may not work. ¹⁵ Pandora, the Pandora logo, and the Pandora trade dress are trademarks or registered trademarks of Pandora Media, Inc. Used with permission. Compatible with select smartphones. See: www.pandora.com/everwhere/mobile. Not all devices compatible with USB connection. Your wireless carrier's rate plans apply. ¹⁶ Compatible with select phones with Bluetooth®. ¹⁷ Your wireless carrier's rate plans apply. State or local laws may limit use of texting feature. Only use texting feature when conditions allow you to do so safely. ¹⁸ Check the HondaLink website for smartphone compatibility. Please see your Honda dealer for details. ¹⁹ 174 hp @ 5500 rpm (SAE net). ²⁰ SiriusXM services require a subscription after any trial period. If you decide to continue your SiriusXM service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call SiriusXM at 1-866-635-2349 to cancel. See our Customer Agreement for complete terms at www.siriusxm.com. Fees and programming subject to change.
