

STEEL UTILITY RACKS by TracRac®

SOURCED BY

ACCESSORIES

RACK UP YOUR CARRYING CAPABILITY

Manufactured by TracRac®, these heavy-duty, commercial-grade steel utility racks are designed to exacting standards, using superior 13-gauge steel construction. Durable and versatile enough to transport big cargo, while providing convenient access to tools and materials.

Complete, Full-Frame Steel Utility Rack

With nearly a one-ton load capacity, this commercial-grade steel truck utility rack is built to take it. The convenient removable/swingout rear bar allows quick access to tools or supplies in the truck bed. Rack payload capacity may exceed truck bed wall capacity. Consult your Chevrolet dealer for recommended bed capacity rating.

Half-Steel Utility Rack

A half-steel utility rack that works full time. It's designed to help carry a several-hundred-pound load – safely and securely.

STEEL UTILITY RACKS BY TRACRAC

PART #	PART NAME	DESCRIPTION	VEHICLE	MSRP ²	INSTALL TIME	TOOLBOX COMPATIBILITY
